BACKGROUND

This spreadsheet contains survey data collected and analysed by YouGov plc. No information contained within this spreadsheet may be published without the consent of YouGov Plc and the client named on the front cover.

Methodology: This survey has been conducted using an online interview administered members of the YouGov Plc GB panel of 185,000+ individuals who have agreed to take part in surveys. An email was sent to panellists selected at random from the base sample according to the sample definition, inviting them to take part in the survey and providing a link to the survey. (The sample definition could be "GB adult population" or a subset such as "GB adult females"). YouGov Plc normally achieves a response rate of between 35% and 50% to surveys however this does vary dependent upon the subject matter, complexity and length of the questionnaire. The responding sample is weighted to the profile of the sample definition to provide a representative reporting sample. The profile is normally derived from census data or, if not available from the YouGov plc make every effort to provide representative information. All results are based on a sample and are therefore subject to statistical errors normally associated with sample-based information.

For further information about the results in this spreadsheet, please contact YouGov Plc (+44)(0)20 7 012 6000 or email enquiries@yougov.com quoting the survey details

EDITOR'S NOTES - all press releases should contain the following information

All figures, unless otherwise stated, are from YouGov Plc. Total sample size was 1,767 adults. Fieldwork was undertaken between 29th - 30th November 2012. The survey was carried out online. The figures have been weighted and are representative of all GB adults (aged 18+).

NOTE: All press releases or other publications must be checked by YouGov Plc before use. YouGov requires 48 hours to check a press release unless otherwise agreed. Please note, multiple press releases will require longer.

- YouGov is registered with the Information Commissioner
- YouGov is a member of the British Polling Council

Any percentages calculated on bases fewer than 50 respondents must not be reported as they do not represent a wide enough cross-section of the target population to be considered statistically reliable. These figures will be italicised.

The EU single market means that you can find a job and work in any of the 27 member countries. At the same time it entitles workers from the other member states to work in the UK. Which of the following is closer to your position?

Being able to work in 27 countries is a good thing for British people even if this means that workers from other EU countries also have the possibility to come to Britain to work	25	19	32	44	17	28	39	27	24	38	39	31	21	19	32	17	35	27	20	22	26
I am happy for my ability to work in other countries to be restricted if it meant that other EU citizens could not come to Britain so easily.	60	71	54	43	71	56	49	60	60	47	41	55	65	66	56	65	46	59	64	62	63

If Britain leaves the European Union, which of the following do you think would be the most likely outcome?

Britain could use its own historic international links to punch above its weight in the world	42	56	37	24	59	39	32	46	39	34	34	36	47	47	38	48	41	43	44	44	34
Britain may become isolated in a world of big power blocs such as the United States, the European Union and China	33	23	46	53	20	42	47	35	32	40	41	38	31	29	39	25	36	35	31	30	43

If Britain were to leave the EU, which of these which of the following do you think would be the most likely outcome?

Britain would be able to negotiate a deal with the EU which would let us use some of the benefits of the EU without the drawbacks of being full members	34	47	24	28	46	28	34	41	28	28	29	29	34	42	32	37	30	35	37	38	19
If Britain wanted a deal with the EU to use some of the benefits of the EU we would end up having to pay into the EU budget and comply with EU regulations but would no longer have a say in their formulation	38	31	51	47	31	45	44	38	38	44	42	42	38	33	41	34	40	40	35	34	48
